

Academic Service-Learning Student Project Profile
A Program with the Office of Experiential Learning at UCF

Site Profile – American Cancer Society-Orlando Metro Unit

Course:

Site	American Cancer Society-Orlando Metro Unit 1601 West Colonial Drive Orlando, FL 32804
Site contact	Dorothy Hardee 407-843-8680 Dorothy.Hardee@cancer.org
Mission of Organization	The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer, through research, education, advocacy, and service.
Brief project description	The Community Resource Database (CRD) volunteer(s) help enhance the quality of life for cancer patients and their families, updating current resources provided by ACS's Patient Services Center and seeking out new valuable resources to help them through their cancer experience.
Describe the actual activity	I worked in 2 counties (Orange and Osceola) updating disaster relief resource materials for the organization's clients. Skills used: Microsoft word, email, telephone work with both English and Spanish speaking clients. Worked from home 95% of the time.
How did this make a difference to the agency? To the population/community?	
What is the most important thing you learned?	
Hours information	Total SL hours required? Actual SL hours?
